Cloud-Agnostic?

Cloud-Agnostic

Vendor Lock-In

**I can cherry-pick the
best services for us!**

**Well, I might not stick with
provider XYZ and hence
want to be flexible.**

Vendor Lock-In

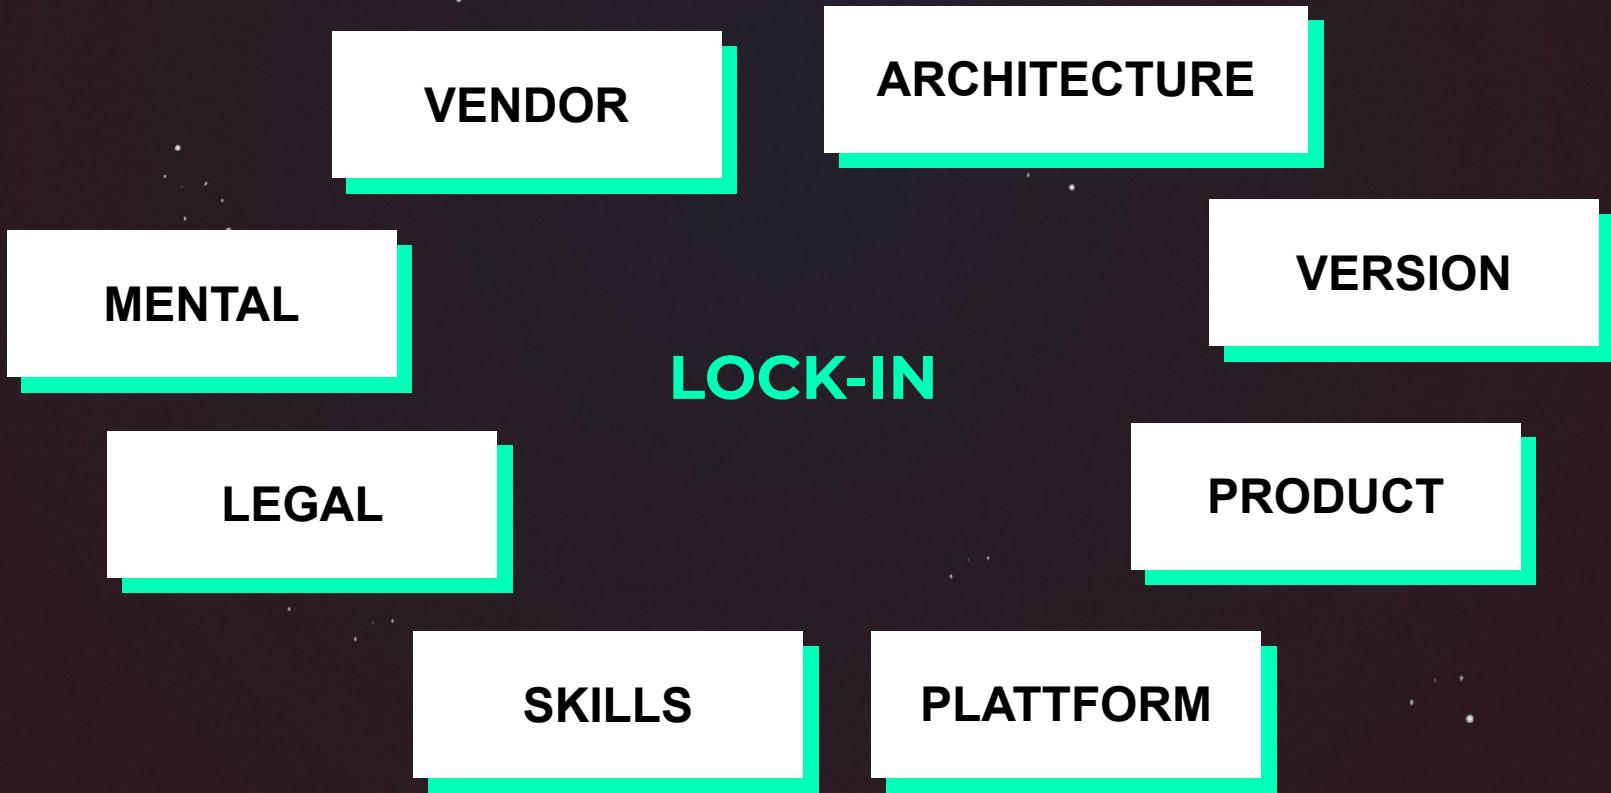

“

Many architects may [...] consider [lock-in] their archenemy while they view themselves as the guardians of the free world of IT systems where components are replaced and interconnected at will.

Gregor Hohpe
